CAREER OBJECTIVE

Motivated Computer Science Engineering student with strong expertise in Data Science, SQL, and agent-based AI development. Passionate about leveraging AI and data-driven approaches to solve real-world challenges, optimize data systems, and drive innovation.

EDUCATION

KIIT University, Bhubaneswar <i>BTech in Computer Science Engineering</i>	2022 - Present CGPA: 7.26
AECS Magnolia Maaruti Public School, Bengaluru <i>CBSE(12th)</i>	2022 68.02
AECS Magnolia Maaruti Public School, Bengaluru <i>CBSE(10th)</i>	2020 84.17

TECHNICAL SKILLS

- **Languages:** Python, SQL, MySQL, HTML, CSS
- **Data Science & ML:** NumPy, Pandas, Matplotlib, Scikit-Learn
- **Platforms:** Jupyter Notebook, PyCharm, Visual Studio Code, MS-Office
- **Soft Skills:** Problem Solving, Communication and Presentation skills, Adaptability, Leadership

INTERNSHIP

Tech and AI Intern - *UNO.care Mysticdoc Healthcare Pvt. Ltd.* (May 2025 - July 2025)

- Assisted in the development of an AI-based prototype within the Technology Department (AI Division).
- Implemented features such as query generation and intent mapping to improve system functionality.
- Prototype adopted by senior team members for further refinement and customization to client requirements.

PROJECTS

Smart Health Classifier | *Self Project*

- Developed an AI system to classify health status using BMI, blood sugar, and blood pressure.
- Built backend in Python using pandas to process multiple CSVs and apply rule-based health classification.
- The backend architecture can support future integration with a frontend for automated processing of uploaded health data.

Diabetes Prediction using Machine Learning | *Self Project*

- Developed a high-accuracy predictive model for diabetes classification.
- Analyzed the Pima Indians Diabetes dataset, handling missing values and standardizing the data.
- Used Matplotlib to visualize data and model performance, identifying key medical attributes and providing clear insights.

CERTIFICATIONS

- Python SQL Basics(Scaler Academy) (December 2024)
- NSS outreach initiative (August 2023)

EXTRA CURRICULAR

- Contributed to community outreach initiative as NSS cadet(National Service Scheme).
- Active member of a swimming club in KIIT with experience in training and mentoring beginner-level swimmers.
